

# NO EXPERIENCE NECESSARY

There are many manufacturing job opportunities available in Lincoln.

**This certification may be right for you if:**

- You have no or little experience in manufacturing
- You are reliable and able to show up on-time consistently
- You're looking for a career opportunity with good pay and benefits
- You are willing to learn and work hard

## MANUFACTURING TECH CERTIFICATION PROGRAM

6-Week Program

# LMC Manufacturing Tech Certificate

This program is brought to you by Lincoln Manufacturing Council, a group of manufacturers in Lincoln, NE who are passionate about providing great employment opportunities in the manufacturing industry.

## Program benefits:

- No experience needed for a manufacturing career.
- Free childcare provided.
- \$250 stipend for completing the certificate and attending all classes.
- Free meals provided for participants and children during class.
- Opportunity to learn about job openings and career opportunities with quality local employers.
- Have practical training to help you immediately qualify for entry-level manufacturing positions.
- Get noticed by employers! Have a local industry-recognized qualification on your résumé.
- A job shadow opportunity will allow you to meet employers and see the work environment first-hand.

## Other perks:

- Participation in this program is a time commitment. In addition to finishing with a certificate, you will receive a \$250 stipend upon completion.
- An evening meal and childcare will be provided during the class at NO COST to the participant.
- Upon completion of the course, a job fair will introduce you to the employers. Your certificate will ensure that you will receive consideration and a job interview with these sponsor companies, if you apply with them.
